Wilmington, MA Office Driveway Repair

Please be advised that driveway repair work is now underway at our Wilmington MA office. We anticipate the work will take approximately one month to complete. During this time the driveway entrance closest to the building lobby will be blocked off and closed for traffic. As a result, the remaining driveway will be used for two-way traffic. Visitors will continue to use the visitor parking spaces as they would normally, but new signage has been placed around the building directing visitor traffic to the appropriate parking area.

We ask that you pay particular attention when driving (or walking) in the parking lot and to significantly reduce your speed when driving around the corners of the building.

Thank you in advance for your consideration and care in navigating the parking lot during the work.
