This summary represents only a partial listing of benefits and exclusions of the Group Health Plan described in this summary. Benefits and exclusions may be further defined by medical policy. As a result, this Group Health Plan may not cover all of your health care expenses. Read your member benefit booklet carefully for a complete listing of terms, limitations, and exclusions of the Group Health Plan. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.ibxtpa.com.

Certain services require preapproval/precertification by the health plan prior to being performed. To obtain a list of services that require authorization, please log on to www.ibxtpa.com or call the phone number that is listed on the back of your identification card.

*A calendar year benefit period begins on the first day of the calendar year and ends on the last day of the calendar year. The deductible and out-of-pocket maximum amount starts at \$0 at the beginning of each calendar year.

¹It is important to note that all percentages for out-of-network services are percentages of the Plan allowance, not the actual charge of the provider.

²The in- and out-of-network deductibles cross-apply.

³Each member contributes towards his or her own deductible. The deductible is considered met when he or she reaches the individual deductible or the family deductible is met.

⁴Out of pocket includes medical only.

⁵Each member contributes towards his or her own out-of-pocket maximum. The out-of-pocket maximum is considered met when he or she reaches the individual out-of-pocket maximum or the family out-of-pocket maximum is met.

⁶Copay waived if admitted.

⁷Service limits combined across tiers.
